CCoVA
Community Coalitions of Virginia
Partnering for Healthy Communities Across the State

Community Coalitions of Virginia
Preventing Substance Abuse Across the State

Our Mission

In 2008, a meeting between community leaders established what would become a statewide coalition of coalitions.

Our mission is to collaboratively reduce substance use in ways that are measureable and improve quality of life.

Who We Are

CCoVA is Virginia's state coalition uniting community prevention coalitions throughout the Commonwealth. We serve approximately 50 community coalitions, comprised of parents, youth, prevention specialists, recovery/treatment specialists, businesses, educators, faith based and civic groups, media, healthcare and government officials and youth serving organizations.

How We Do It

We address the current and emerging substance abuse trends in our local communities, and then collectively respond with legislative processes, and substance abuse prevention initiatives at the regional and state levels.

Celebrating Statewide Collaboration

Supporting local community coalitions throughout the Commonwealth

Priorities for 2017-2018

- ◆ Distributing resources
- ◆ Providing highly evaluated educational training
- ◆ Leading advocacy efforts connected to:
 - Opioid and heroin overdoses
 - Marijuana legalization
 - Underage alcohol use
 - Tobacco and Nicotine

Partnering for Prevention

- ◆ Substance Abuse & Mental Health Services Administration (SAMHSA)
- ◆ Drug Free Community Support Program (DFC)
- ◆ National Prevention Network (NPN)
- ◆ Center for Substance Abuse Prevention (CSAP)
- ◆ Community Anti-Drug Coalitions of America (CADCA)
- ◆ Smart Approaches to Marijuana (SAM)
- ◆ Virginia Foundation for Healthy Youth (VFHY)
- ◆ Virginia Department of Health (VDH)
- ◆ Department of Behavioral Health & Developmental Services (DBHDS)
- ◆ Virginia Office for Substance Abuse Prevention (VOSAP)

Benefits to Members

- ◆ Partnering opportunities with prevention organizations throughout the Commonwealth
- ◆ Networking and information sharing from community coalition leaders
- ◆ Mentoring from experienced coalitions to assist with establishing strong community programs
- ◆ Updates on grants and other funding sources, jobs, internships, and volunteer opportunities
- ◆ Educational training and technical assistance in the development of prevention strategies and sustainability
- ◆ Training and capacity building for youth around proven prevention strategies
- ◆ Advocacy voice in state and local prevention issues, providing timely and relevant information on progress of bills
- ◆ Access to CCoVA members-only page of our website
